⁽¹⁾ Lexipol subscribers/users receive an additional 1% contribution after completion of their three year initial Lexipol period.

Loss Ratio Calculation - Maximum Points 60:

The loss ratio score is equal to the difference between 60, the maximum points available, and the member’s loss ratio for the most recent 5 completed policy years preceding the policy term during which the renewal premium of the member is calculated. (For members with less than 5 consecutive policy years of membership, the loss ratio will be based on the number of completed Ohio Plan policy years preceding the policy term during which the renewal premium of the member is calculated.) A member’s loss ratio is calculated by dividing the member’s incurred losses by the premium.

MEMBER BENEFITS | PLAN ADVANTAGE

Risk Management Calculation - Maximum Points 40:

The risk management score is a calculation based upon actions taken by a member to address 8 core areas of risk. Each area of risk will be weighted equally and each area will be rated separately. Scoring within each area will either be a 0, 1, 3, or 5 (i.e. if a member has all 3 elements in a core area, they will receive 5 points. If they have no elements, they will receive a 0.)

A member must provide a response to risk management recommendations in order to qualify for the Risk Management portion of the Plan Advantage.
