

Solicitation

Solicitation of the public or the library staff is not permitted on library district property or property under the control of the library district. "Solicitation" includes, but is not limited to, the sale or distribution of merchandise, fundraising for outside groups, or other activity for the benefit of agencies or individuals not connected with the work of the library.

The single exception is solicitation authorized or directed by the Library District Administration in order to benefit the library district, the Friends of Henderson Libraries, the Henderson Libraries Foundation, or other organizations named by Library District Administration.

The library, as approved by Library District Administration, may work with partner agencies in drives or programs to benefit the community, e.g. collecting school supplies, food, etc.

Approved by HDPL Board of Trustees

Board Chair
