

## Adult Services January/February Board Report

### Training:

January was full of interviews and hiring for the adult department. We chose one candidate but then her availability changed so we started the process over again. We are thrilled that we have chosen another candidate and she will start Monday, February 3. She has a degree in Education and lots of energy.

### Collections:

Grace has been hard at work streamlining the Lego Care processes. I am attaching a copy of what we do for the Lego sets now so that patrons have the best experience with building a quality product. We think the process will be even more streamlined soon as a new brick and mortar Lego store is coming to Fort Wayne in March. This will allow us to more easily purchase replacement Lego pieces. Additionally, we had a meeting with Dawn (our floater) and Amanda (from Limberlost) so that Grace could explain her process to them. Dawn will work on Legos at Limberlost when she is filling in there. The Lego collection is a lot of work but the patrons really enjoy it and the circulations back up the amount of work dedicated.

Grace and I have also been weeding the collection, which we try to do yearly. This will allow us to know exactly how much space we have for the upcoming renovations and what will go where. We have found that carts are a hot commodity around here. Grace has been doing a fantastic job of shifting the collections as we weed.

### Programming:

Brittany's fitness classes are going extremely well. Patrons are sticking to New Year's Resolutions. We also partnered with the Red Cross to host a blood drive that met the goal of units and donations. A patron favorite was the DIY Flower Bar which we hosted at Limberlost.
