

Adult Services April 2024 Report:

Training:

Mary and I attended PLA in Columbus, OH. After sessions of the conference, we visited the Columbus Metropolitan Library. I am including some photos of some of the things we loved that the library had:

Vinyl furniture and an amazing outdoor space- too bad it was raining!

Notable April Programs:

Lunch and Listen with Premiere Edition from East Noble High School, Our Growing Book Club, and Flower Arranging.

We have growing attendance for Rome City programs, Bingo, and our weekly walks. I just finished scheduling all of our June and July programs for summer reading. The theme is Lake and Land.

Collections:

We are working to change our procedures for Lego kits. All Lego sets are temporarily unavailable while we deep clean all sets in Kendallville and Rome City.

Collection IQ continues to be extremely helpful in maintaining our collections. With Collection IQ, we are able to run reports to see what collections and items are not checking out.
