## National Indigenous Peoples Day June 21st, 2026

June 21, 2026 is the 30th anniversary of National Indigenous Peoples Day. It's a time to recognize and celebrate the traditions, cultures and contributions of First Nations, Inuit and Métis.

National Indigenous Peoples Day takes place on the summer solstice, the longest day of the year. For generations, many First Nations, Inuit and Métis communities have celebrated their cultures, languages, and traditions at this time of year. The summer solstice holds deep spiritual and cultural significance for many Indigenous Peoples, marking a time of renewal, connection, and celebration.
