## From the Director's Desk

Dear Patrons,  
Hello and happy summer to all! As you think about your summer activities, I hope you will remember your library is a great resource. We have museum passes, discount tickets to popular destinations, and we recently added fishing rods to our collection! Not to mention all the

programs we are offering, too!

I'd like to thank the Friends of the Library for all they do to raise money for the library. Their efforts are greatly appreciated as they help us fund our programs, museum passes, and prizes for our reading clubs.

A fun activity for this summer is our county-wide Summer Library Tour where you visit other libraries and possibly win prizes along the way! (See details on page 6.)

We are also hosting a Summer Lunch Program at our Station Library three days a week. All children under 18 years of age are welcome. (See details on the July calendar.)

Thank you for your continued support of the library. I have heard from several patrons lately how much they enjoy their library, and I am so happy to hear that! I hope you all have a wonderful summer and enjoy some fun activities, whatever they may be.

Please feel free to contact me at any time at 631-427-5165 x206 or via email at [joanne\\_adam@huntlib.org](mailto:joanne_adam@huntlib.org).

Warm regards, – *Joanne Adam*, Library Director

### Selected Poems by John Donne (1572-1631)

Monday, July 24 • 7:00 pm

John Donne is considered one of the greatest of the English "Metaphysical Poets." Samuel Johnson coined this term to refer to a poet who extends a metaphor throughout a poem. This month we look at Donne's poems "The Flea," "The Relic," "A Valediction: Forbidding Mourning," "A Valediction: of Weeping," "Divine Meditation XIII: What if this present were the world's last night."

### "Meditations 1 and 2," by René Descartes (1596-1650)

Monday, August 28 • 7:00 pm

René Descartes made notable contributions to mathematics. Because of the philosophical perspective he adopted during the sixteenth century, a time of scientific awakening, he's considered a key figure in the development of modern philosophy. In his *Meditations*, Descartes sets out to prove the existence of God, and the distinction between mind and body. In "Meditation I," he lays out the foundations of philosophical skepticism. In "Meditation II," he demonstrates how the mind is more easily known than the body. He achieves this through a rigorous, one might say autobiographical, examination of his own mind.

Long Island's White Shark Research

Monday, August 14 • 7:00 pm  
**Main Auditorium**  
Long Island's coastal waters have an abundance of sharks, all of which we know very little about. In 2015, a small group of researchers were the first to deploy a satellite tag on a juvenile great white shark off Long Island's south shore. Over the subsequent two summers, a partnership with OCEARCH enabled them to tag an additional 20 white sharks off Montauk. In this presentation with Chris the "Fish Guy," learn about the continued work of the Shark Research and Education Program of the South Fork Natural History Museum.

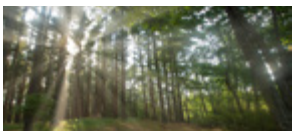

DNA Testing for Your Genealogy Research

## 3D Printing Design Center at the Main

### Frequently Asked Questions

#### Where do I find objects to print?

If you want to use objects that have already been designed, you can go to [www.thingiverse.com](http://www.thingiverse.com) and search using keywords. Once you've found what you want, download the files and send them to us at [hpl3dp@gmail.com](mailto:hpl3dp@gmail.com) or fill out the form on our website at [myhpl.libnet.info/3d-printing-8572](http://myhpl.libnet.info/3d-printing-8572).

#### Can I design my own objects?

Yes! We encourage you to go to [www.tinkercad.com](http://www.tinkercad.com) and learn how to design your own parts. There are lessons right there on the website. You can set up a free account in just a few minutes. Once you've designed your part, you can export the file and email it to us.

#### How much does it cost to print an item?

The only thing you pay for is the PLA filament you use. We charge **\$1.00** per hour of print time. A typical print can take 4 or 5 hours.

#### How large can my print be?

Our printer can produce objects up to 11 x 11 x 15 inches. However, your print time must be less than 12 hours so that we can accomplish the print during normal library business hours. Therefore, certain objects will not fall into the range of acceptability.

#### Is there anything we will not print?

We will not print objects that are prohibited by law (i.e. weapons).

#### How can I learn more about this?

Feel free to call during normal library hours, send an email with questions to [hpl3dp@gmail.com](mailto:hpl3dp@gmail.com), or contact librarian **Chris Glaser: (631) 427-5165, ext. 264**

## Main Art Gallery

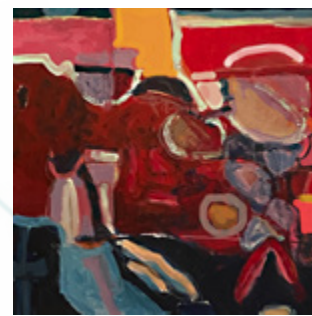

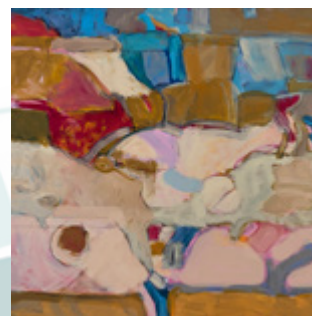

### Patrick Aievoli

#### *Riders & Vehicles: 2023*

July 1 – 31

Reception: Sunday, July 16, 1:00 – 4:00 pm

*Riders & Vehicles* explores the concept of chaos and control. We are all riders through life. We have created our own vehicles to carry us along this journey. At times we meet chaos. Sometimes we need to adjust our vehicles to balance the ride. That is when we need to trust that our vehicle will support us and return control to our lives.

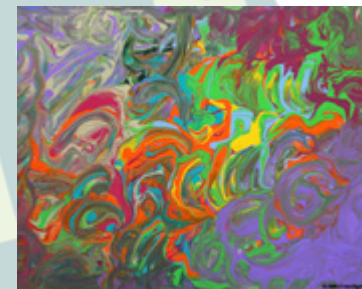

### Fred Byrnes

#### *"Thank You Mr. Ed Harris"*

August 1 – 30

Reception: Friday, August 4, 6:00 – 9:00 pm

Huntington native Fred Byrnes began abstract painting at age 50. His inspiration to create art was sparked after seeing the film "Pollock", about the life and work of abstract artist Jackson Pollock, directed by Ed Harris. Since then, he has made hundreds of abstract acrylic paintings using various techniques including drip-splashing. Byrnes says, "If you see all the colors in the vast universe and how they meld together, it may not be abstract at all."

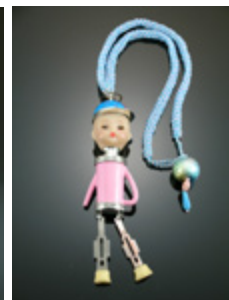

## Main Street Display Cases

July 3 – 31

### Alice Sprintzen

#### *Junk Reconsidered: Found Object Jewelry*

Jeweler Alice Sprintzen is a teacher, designer, and crafts writer. Her work has been featured in prominent publications such as Elle Magazine, New York Times, and Newsday, and exhibited in galleries across Long Island. Precious stones may appear alongside a rusty key, scale may be bolder, and design may take on more of a sculptural stance as form interacts with body. The castaway is elevated to a place of honor, the mundane becomes precious and materials rusted, worn by age and discarded, are valued for their intrinsic beauty.

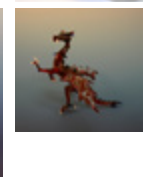

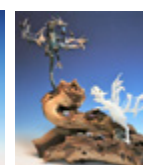

August 1 – 31

### Rosanne Wellmaker

#### *The Amazing Adventures of Story Time Sam: Glass Sculpture*

Please join us on the amazing adventures of Story Time Sam. Sam's journey begins in Story Land, where he meets the Three Blind Mice. The mice share their treasure map with Sam. Following the map brings Sam to the ocean's depths, where he meets many fascinating marine animals. Sam takes a helicopter ride from the sea to the shores of Africa, where he meets Eleanor Elephant. Eleanor shares her favorite foods with Sam and regales him with tales of fabled dragons she has known during her long life. Eleanor then reveals a magical portal to Sam, which takes him into the land of these mythical creatures.

## FRIENDS NEWS

Thank you for participating in the Friends' Spring Book Sale held in May. We had a great turnout at this popular biannual event. The money raised is used to support HPL programs and activities,

including the Summer Reading Challenges for adults and children that are ongoing. As in past summers, all HPL members are invited to participate and earn rewards and prizes. Please register for the Summer Adult and/or Children's Summer Reading Challenge at the Adult Reference Desk; online at [myhpl.beanstack](http://myhpl.beanstack) (for kids); or by phone at **631-427-5165 ext. 173**. We are proud to sponsor a few of the prizes you can win along the way. We wish HPL members a healthy and safe summer. Don't forget to bring a book or two with you to the beach or poolside to enjoy some lazy summer reading time!

The Friends' board meets at 9:00 am on the first Tuesday of the month. July meeting is July 11, 2023. August meeting is August 1, 2023. Everyone is welcome to attend and participate in our discussions.

## Join the Friends of HPL! Meetings are the 1st Tuesday of each month.
