

## **North Miami Beach Public Library**

### **Mission Statement**

The North Miami Beach Discovery Library's mission is to inspire lifelong learning, advance knowledge, and create surprising educational opportunities that strengthen our community and enrich the lives of our residents through discovery.

#### **Goals**

- To provide library services that are educational, enriching, and provide access to information, education, and entrepreneurship that lead to success in an open-access and discovery-first atmosphere.
- To acquire and make available information including but not limited to books, periodicals, archival materials, digital materials, technology, performance and art, and other sources of creativity and information to all our residents as a means of improving their satisfaction within our community.
- To provide welcoming and lively cultural enhancement, entertainment, and appreciation for our diverse community.
- To become a destination for education, imagination, and entertainment that fuel creativity and equip our patrons for success.
- To provide a "safe space" or "third space" as a shared "living room" for our community.
- To work with other entities and organizations whose mission aligns with the Library's, in order to make the most efficient and effective use of taxpayer resources.
