BOOKS ABOUT HOMESCHOOLING

Homeschooling: Take a Deep Breath, You Can Do This!

by Terrie Lynn Bittner

371.042 BIT

Calling homeschooling "family schooling," Bittner shows how ordinary people can succeed at teaching their children at home. She includes advice on legal issues, lesson plans, curricula, testing, teaching values, preparing for graduation and college with lots of encouragement for parents.

The Brave Learner

by Julie Bogart

371.042 BOG

A joyful and accessible approach to homeschool that harnesses children's natural curiosity and makes learning a part of everyday life, whether they're in elementary or high school.

College-Prep Homeschooling

by David P. Byers

371.042 BYE

Provides information on successful homeschooling techniques of high school-aged children, describing how homeschooling parents can not only be successful at homeschooling but also prepare children for a college education.

The Year of Learning Dangerously

by Quinn Cummings

371.042 CUM

A blogger and former child actor recounts her misadventures in first-time homeschooling, an endeavor marked by her own math aversion, experiments with current trends, and a chaperone venture at a home-school prom.

The Ultimate Book of Homeschooling Ideas

by Linda Dobson

371.042 DOB

With more than 1,000 kid-tested and parent-approved techniques for learning, parents can engage their children in fun-filled activities focusing on math, science, reading, music, art, history, and health, which can be adapted to any family's homeschooling style and educational needs.

102 Top Picks for Homeschool Curriculum

by Cathy Duffy

371.042 DUF

Cathy Duffy walks you through the curriculum selection process from figuring out which educational approach to use and developing your own philosophy of education to determining your teaching style and identifying each child's unique learning style.

Everything You Need to Know About Homeschooling

by Lea Ann Garfias

371.042 GAR

This complete reference guide will provide you with everything you need to successfully tackle homeschooling in your own style, filling your experience with confidence, grace, and the joy of learning.

The Well-Adjusted Child

by Rachel Gathercole

371.042 GAT

Socialization may well be the single most important aspect of education today. At a time when people feel more disconnected than ever before, homeschooling offers great social benefits to kids and parents.

Homeschool Your Child for Free

by LauraMaery Gold

371.042 GOL

This book is a guide to free educational resources on the internet.

Homeschooling for the Rest of Us

by Sonya A. Haskins

371.042 HAS

Intended for new and experienced homeschoolers and applicable to a variety of teaching methods, this book presents advice for overcoming stress, unrealistic expectations, and other challenges faced by homeschooling families.

Homeschooling Methods

by Paul Suarez

371.042 HOM

This book describes some of the most important homeschooling methods and helps parents choose a philosophy and a methodology for teaching their children.

Homeschooling for Dummies

by Jennifer Kaufeld

371.042 KAU

Learn about the rewards and challenges presented by homeschooling, how to ensure that your children receive a well-rounded education, where to find helpful tools, and how to connect with the homeschooling community.

The Everything Homeschooling Book

by Sherri Linsenbach

371.042 LIN

A resource for those just getting started in homeschooling, this book offers an overview about methods, curriculum, schedules and other details for homeschooling.

Homeschooling: Why and How

by Gail Nagasako

371.042 NAG

Drawing from 22 years experience as a homeschool support group leader, Nagasako shows why over a million families have chosen to homeschool and how they go about it.

The Homeschooling Starter Guide

by Gina Riley

371.042 RIL

This starter guide to homeschooling is the ultimate resource for turning any home into an ideal school environment and helping any child succeed.

Home Learning Year by Year

by Rebecca Rupp

371.042 RUP

A comprehensive guide to designing homeschool curriculum, from one of the country's foremost homeschooling experts-now revised and updated!

37 Tips for Successful Homeschooling

by Hope Wilbanks

371.042 WIL

This book provides encouragement and support for new homeschooling parents, or those who are considering homeschooling in this beginner's guide to make homeschooling fun and easy for the entire family.

The Brainy Bunch

by Kip Harding

371.192 HAR

Two parents share the extraordinary and inspirational story of how they sent six of their 10 children to college by the age of 12 – and how any parent can achieve the same amazing success.

Carschooling: Over 350 Entertaining Games & Activities to Turn Travel Time into Learning Time

by Diane Flynn Keith

371.337 KEI

Enhance your kids' education with fun and enticing activities, resources, and zany games to improve skills in math, science, grammar, and more.

The Homeschooler's Book of Lists

by Sonya A. Haskins

372.1 HAS

More than 250 useful lists for eight subject areas plus curriculum information, checklists, and helpful websites provide homeschool educators with supplemental and enrichment material.

The Whole-Brain Child

by Daniel J. Siegel and Tina Bryson

649.019 SIE

The authors give a scientific view of how a child's brain develops and matures, offering twelve strategies for healthy brain development to raise happier and calmer children.

The Homegrown Preschooler

by Kathy H. Lee

649.68 LEE

With organizational tips, recipes, and more than 200 easy-to-pull-together activities, homeschool educators will have everything they need to offer a well-rounded preschool education rivaling the best classroom experience.

CLASSICAL MODEL OF EDUCATION

The Core: Teaching Your Child the Foundations of Classical Education

by Leigh A. Bortins 370.112 BOR

Founder of the website Classical Conversations, Leigh Bortins outlines the basics of the core knowledge that children need to master and offers tools and methods to implement a rigorous curriculum.

The Well-Trained Mind

by Susan Wise Bauer 373.241 BAU

Bauer offers step by step instruction in how to give your child an academically rigorous, comprehensive education from preschool through high school.

MONTESSORI METHOD OF EDUCATION

Montessori from the Start

by Paula Lillard 371.39 LIL

Based on Maria Montessori's methods, this book provides guidance for creating a beautiful learning environment for babies and young children and takes into account children's sensitive periods for learning skills.

↓ Montessori Toddler

by Simone Davies 371.392 DAV

A parent's guide to raising a curious and responsible human being using the Montessori method in your home.

Teaching Montessori in the Home

by Elizabeth G. Hainstock 372.13 HAI

Develop your child's sensory awareness and practical skills using Montessori techniques and exercises; create your own Montessori materials for home use.

The Montessori Method

by Maria Montessori 372.1392 MON

Maria Montessori's classic original writing about her innovative educational techniques which focus on the individuality of the child and nurturing their inherent joy of learning.

Child's Play

by Maja Pitamic 649.5 PIT

Over 60 Montessori-inspired games and activities for your baby and toddler.

THOMAS JEFFERSON METHOD OF EDUCATION

A Thomas Jefferson Education

by Oliver Van DeMille

370.1 DEM

This book outlines the "TJEd" philosophy which includes "7 Keys of Great Teaching," "4 Phases of Learning" and mentors instead of teachers.

A Thomas Jefferson Education Home Companion

by Oliver Van DeMille

370.1 DEM

Explains how the "TJEd" method focuses home education on the fostering of leadership skills and creation of new leaders for the changing future.

Thomas Jefferson Education for Teens

by Oliver Van DeMille

YA 373.18 DEM

A "TJEd" guide that encourages youth to take responsibility for their own education and offers a reading list of 100 great books to help them.

Leadership Education

by Oliver Van DeMille

379.73 DEM

Describes student centered leadership education based on the "TJEd" philosophy.

OTHER USEFUL BOOKS FOR HOMESCHOOLING

How Children Learn

by John Caldwell Holt

370.1523 HOL

Looks at how children learn to talk, read, and count. In Holt's view, teaching methods in school are in opposition to the natural way children learn.

Teaching from Rest

by Sarah Mackenzie

371.042 MAC

We worry that our students will be "behind," that maybe there is another way or another curriculum that might be superior to what we're doing, but it's time to stop comparing and fretting over every detail.

The Making the Grade series gives parents methods for educating their children, whether as home schoolers or as parents cooperating with their children's teachers.

Everything Your 2nd Grader Needs to Know

J 372.19 MAK

Everything Your 6th Grader Needs to Know

J 372.19 MAK

The Core Knowledge series describes what children should be expected to know at each grade level and how parents can help their children at home.

<u>What Your Preschooler Needs to Know</u>	J 372.19 WHA
<u>What Your Kindergartner Needs to Know</u>	J 372.19 WHA
<u>What Your First Grader Needs to Know</u>	J 372.19 WHA
<u>What Your Second Grader Needs to Know</u>	J 372.19 WHA
<u>What Your Third Grader Needs to Know</u>	J 372.19 WHA
<u>What Your Fourth Grader Needs to Know</u>	J 372.19 WHA
<u>What Your Fifth Grader Needs to Know</u>	J 372.19 WHA
<u>What Your Sixth Grader Needs to Know</u>	J 372.19 WHA

Teach a Child to Read with Children's Books

by Mark B. Thogmartin

372.4 THO

Combines story reading, phonics, and writing to offer an enjoyable approach to learning to read. Topics include preparing for success before lessons, using books to promote learning enjoyment, and finding the right books.

Teaching Children Values

by Linda and Richard Eyre

649.1 EYR

One of the greatest gifts you can give your children is a strong sense of personal values. Helping your children develop values such as honesty, self-reliance, and dependability is as important a part of their education as teaching them to read or how to cross the street safely.

Teaching Your Children Joy

by Linda and Richard Eyre

649.7 EYR

Easy-to-follow, hands-on exercises, examples, and teaching suggestions to help parents introduce children to the various forms of joyful living.

The Gift of Failure

by Jessica Lahey

649.7 LAH

Focuses on the critical school years when parents must learn to allow their children to experience failure in order to grow up self-reliant and resilient.
