## GET SET FOR NATIONAL LIBRARY WEEK AT WESTLAKE PORTER PUBLIC LIBRARY!

(Westlake) Are you ready? Get set! Library! National Library Week, the week set aside to celebrate libraries and their communities, will take place on April 7-13 at Westlake Porter Public Library (WPPL). The library's staff and trustees invite residents to celebrate with them through interactive displays, puzzles, blog posts, great programs and more.

Libraries give their communities a green light to experience something special: a place to connect with others, learn new skills, and pursue their passions through book clubs, storytimes,, movie nights, classes and resources, and more. At WPPL that includes the one-year-old Makerspace, the non-traditional items collection, the Myrna Chelko Literacy Initiative programs, disability resources and programs, downloadables, technology programs and much more.

“Library users have told us that our resources have helped them find jobs, start businesses and non-profit organizations, further their education, help their children learn to read, and so much more.” said Library Director Andrew Mangels. “None of this would be possible without the community’s investment in WPPL, so it is only fitting that we celebrate our patrons along with the library during National Library Week.”

First sponsored in 1958, National Library Week is a national observance sponsored by the National Library Association and libraries of all types across the country each April. For more information about National Library Week, please visit [westlakelibrary.org](http://westlakelibrary.org).
