

**Carpet – West Branch**

**Addendum #1**

**9/23/2021**

1. On both options , there is listed a 24"x24" carpet tile & 12"x48" carpet tile. Is there a certain pattern that the Library is looking at? Is each size going in certain areas? Or do they want a price to do the entire library in either size?

**Answer:** We are considering two different styles of carpet. We'll pick one of those two to use throughout the library.
