Section 101. Scope: This policy includes all funds governed by the Board of Library Trustees.

Section 102. Prudence: The standard of prudence to be used by investment officials shall be the “prudent person” standard. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.

Section 103: Objective: The primary objective, in order of priority, shall be:

- Legality – Conformance with federal, state and other legal requirements.
- Safety – Preservation of capital and protection of investment principal.
- Liquidity – Maintenance of sufficient liquidity to meet operating requirements.

The portfolio should be reviewed periodically as to its effectiveness in meeting the Library District’s need for safety, liquidity, rate of return, diversification and its general performance.

Section 104. Delegation of Authority: Management and administrative responsibility for the investment program is hereby delegated to the Treasurer of the Board of Library Trustees.

Section 105. Ethics and Conflicts of Interest: Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with

Employees and investment officials shall disclose to the Board of Library Trustees any material financial interests in financial institutions that conduct business with the Library District, and they shall further disclose any large personal financial or investment positions that could be related to the performance of the Library District's portfolio. Employees and officers shall subordinate their personal investment transactions to those of the Library District particularly with regard to the timing of purchases and sales.

Section 106. Authorized Financial Dealers and Institutions: The Treasurer shall maintain a list of financial institutions authorized as depositories for funds and to provide investment services. Any financial institution selected by the Library District shall provide normal banking services, including but not limited to checking accounts, wire transfers, purchase and sale of U.S. Treasurer securities and safekeeping services.

The maintenance of Library District funds in any financial institution shall conform to federal and state legal requirements. In addition, the Library District will not maintain funds in excess of the FDIC insurable limit in any institution unwilling or incapable of posting required collateral for funds in excess of the FDIC insurable limits.

To qualify as a depository, a financial institution must furnish the Treasurer or the Treasurer's Agent with copies of the latest two statements of condition that it is required to furnish to the Director of Financial Institutions or to the Comptroller of Currency as the case may be.

At the beginning of each fiscal year a copy of the Library District's Investment Policy will be sent to each financial institution (other than Illinois Funds) in which the Library District has funds on deposit. The Investment Policy shall be accompanied by a letter of acknowledgment that is to be signed by an official of the financial institution and returned to the Library District. A list of authorized signers and / or people any two of whom are authorized to direct investment on behalf of the Library District will be on file at each depository institution.

Fees for banking services shall be mutually agreed to by an authorized representative of the depository bank and the Treasurer on an annual basis. Fees for services shall be substantiated by a monthly account analysis and shall be reimbursed by means of compensating balances.
