Every Chicago Telephone is a terminal of a universal system of communication reaching all points in the civilized world. Direct connection for Telephone Service is made with the systems of the ASSOCIATED BELL TELEPHONE COMPANIES throughout the United States by means of long distance lines of the AMERICAN TELEPHONE AND TELEGRAPH CO. and for Telegraph Service with all the offices of the WESTERN UNION TELEGRAPH COMPANY at which telegraph messages will be received for any point and the tariff charged to the telephone subscriber, to whom a telegraphic reply will be sent if desired.

REGULATIONS
WITH WHICH SUBSCRIBERS HAVE AGREED TO COMPLY

USE AND CARE OF EQUIPMENT. The Subscriber shall not make, permit, or use any electrical or mechanical connections, or apparatus with the lines, or equipment furnished by the Company, without the Company's consent. The lines and equipment on subscriber's premises shall be carefully protected, and used for lawful purposes where installed, and upon any termination of subscriber's contract shall be surrendered to the Company, unimpaired, except by reasonably careful use. At all reasonable times the Company shall have the right, which the subscriber shall provide, of access from the street line, and of entering the premises of the subscriber to install, inspect, or repair the lines or equipment, or to remove them upon the termination of the subscriber's right of use. The subscriber shall not use or permit the use of foul, abusive, or profane language, or personate any other individual with fraudulent or malicious intent, over the equipment furnished.

THE COMPANY DOES NOT GUARANTEE UNINTERRUPTED WORKING OF THE LINES OR EQUIPMENT. For any complete failure of service, of which notice in writing has been sent to the Company by the operator, the subscriber agrees to reimburse the Company for all sums it may pay, or become liable to pay, for messages transmitted for the subscriber over other lines than its own.

STORAGE WITH WHICH SUBSCRIBERS HAVE AGREED TO COMPLY

SUBSCRIBER'S NUMBER. The prefix and number assigned to a subscriber's station are no part of the contract with the Company, and may be changed by the Company when necessary. Numbers must be changed when required by the opening of new exchanges, or the regrouping of lines.

DIRECTORIES. The Company assumes no liability for damages arising from errors, or omissions, in the making up, or printing of the directory. Subscribers are requested, when they desire any change in their insertion, to notify the Company in writing.

PRIVATE BRANCH EXCHANGE OPERATION. Operators employed by the subscriber for the operation of private branch exchange switching apparatus, shall comply with the operating rules of the Telephone Company, and render service satisfactory to it.

COLLECTIONS. Settlements for aggrieved are due upon receipt of bills rendered about the first of each month. Payment should always be made before the 15th of each month at the Local Exchange Office. Checks should be made payable to the Chicago Telephone Company. When a subscriber is delinquent, the Company may partially or entirely suspend service to or for the subscriber until payment and compliance with the reinstatement regulations.

ALTERATIONS. The subscriber agrees to notify the Company promptly in writing whenever alterations or new construction on premises owned or leased by him will necessitate changes in the Company's equipment, and the subscriber agrees to pay the Company's current charges for such changes.

CHANGE OF ADDRESS OR LOCATION. The Company will move the equipment to any point where the Company furnishes similar service, within the limits of the same exchange system accessible with its facilities, upon written order, when the subscriber agrees to pay the Company's current charges for such changes.

TERMINATION. The subscriber or the Company may terminate the contract on terms stated therein at any time before the equipment has been in use one year at one address, or location, and may terminate after said year, by giving ten days' written notice, in which case the subscriber shall pay, in full, to the end of such ten days, and the Company will refund the portion of any payment made in advance unearned at the end of such ten days.
ENUNCIATION

Users of Chicago Telephone Service are urgently requested to read and adopt the suggestions given below.

Wrong connections are often due to hurried or careless enunciation of numbers on the part of subscribers.

These rules have been tested by experience, and their observance will be reflected in improved, more satisfactory local service.

1. Speak distinctly into the receiver, holding the lips about one-fourth inch from the mouthpiece on the instrument.
2. Give the number slowly and distinctly in the usual tone of voice.
3. Listen while the operator repeats the number, and correct her if necessary.

If the operator misunderstands the number, you are assured of a wrong connection, therefore be sure that she repeats it correctly. You have then done your share toward getting accurate service.

Some numbers, such as 1, 2, 6, 8, 9, and 0 (pronounced "Oh"), even when given quickly, are readily intelligible. But there are others that should be spoken with especial care.

THREE. Sound the "TH" and the "R," as "TH-R-EE."
FOUR. Give slowly with emphasis on "O" and "R," as "FOUR."
FIVE. Emphasize the "I," as "FIVE."
SEVEN. Pronounce slowly and distinctly, bringing out both syllables, as "SEV-EN."

The transmitter mouthpiece is constructed to gather the sound waves. Its successful use requires that the person using the telephone talk directly into the transmitter.

Special Notice to Toll Users

Toll calls are not received for particular persons but for telephone NUMBER ONLY, between telephones operated in the Exchanges listed below. If connection is established with the number called for, the regular charge will be made.

EVANSTON  LAKE FOREST
GLENCOE  NORTH CHICAGO
HIGHLAND PARK  WAUKEGAN
HIGHWOOD  WILMETTE
KENILWORTH  WINNETKA
LAKE BLUFF  ZION CITY

When the TOLL RATE to telephones in the Chicago Exchange System, or Neighborhood Exchanges in Chicago is 15 cents or LESS, calls are NOT received for particular persons, but for telephone NUMBERS ONLY. If communication is established with the number called for, the regular charge will be made.
For the Modern Home—where comfort is the Polestar—a two-party line affords almost ideal telephone service.

Troubles and annoyances, occasionally found on the four-party line, are eliminated.

It meets the needs of the present generation for it is Improved Service. It keeps the home in pace with the steady progress of the telephone as a means for social communication.

There is little added expense in advancing from the four to the two-party line.
