BOOKS AND AUTHORS

MEET THE AUTHOR

Mary Dearborn — *Ernest Hemingway*

A revelatory look into the life and work of Ernest Hemingway, considered in his time to be the greatest living American novelist and short-story writer. Dearborn's new biography, drawn from never-before-used material, gives the richest and most nuanced portrait to date of this complex, enigmatically unique American artist, whose same uncontrollable demons that inspired and drove him throughout his life undid him at the end.
