The Rules of Romantic Comedies

Film expert, playwright, and journalist Randall Colburn analyzes the rules of romantic comedies and looks at examples, then discusses how Writers Theatre's *Vietgone*, the play by Qui Nguyen, honors and subverts the romantic comedy as we know it. The play isn't your typical rom-com, but it draws on several of these familiar elements and references or subverts them to tell its own unique story. A From Page To Stage program presented in conjunction with Writers Theatre's production of *Vietgone*. RSVP is requested. RSVP at 847-242-6000.
