

COVID-19 ADDENDUM TO LIBRARY USE POLICY

Policy No. 320 Addendum

The Warrenville Public Library District is committed to providing a safe environment for all staff and guests. The Library District's Board of Trustees authorizes the Library Director or her designee to implement protocols that mitigate the risks associated with COVID-19. The Library Director is expected to rely on guidance from the Centers for Disease Control and Prevention, the Illinois Department of Public Health and the DuPage County Health Department. The Library Director may also confer with other local entities and organizations to determine when protocols should be implemented or lifted.

Mitigations may include requiring face coverings (masks), social distancing, hand hygiene, cleaning and any other protocol intended to limit the transmission of the virus.

Protocols for staff will be communicated via email. Protocols for library visitors will be posted at each public entrance.

Reasonable accommodations such as curbside service and online resources are available to library visitors who are unable or decline to comply with current protocols.

Any library visitor who refuses to comply with the posted protocols will be asked to leave the library. Additional enforcement of this policy addendum will be carried out as specified in the Library Use Policy.
